Lieutenant Governor Kay Ivey  
Speaker Mike Hubbard

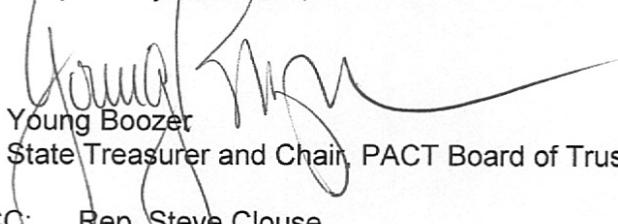

**RE: FY15 Annual Report of PACT**

Act No. 2010-725 requires that the PACT Program prepare an annual report, including details regarding the actuarial soundness of the program, and transmit said report to the Governor, Lieutenant Governor and the Speaker of the House of Representatives.

Fiscal year 2015 was momentous for the PACT program. The PACT Program is considered actuarially sound according to the actuarial report of the plan prepared by Sherman Actuarial Services dated October 27, 2015. Operations continued to run efficiently and more cost effectively. During its August meeting the Board approved a 3% increase in Tuition and Fees paid beginning in the fall semester of 2015. In September the Legislature passed HB29 which modified the scheduled payments from the Education Trust Fund to PACT. The modification increases PACT's near term cash flow and provides an additional funding cushion for the remaining life of the program. At the end of the fiscal year the funded ratio was 115.8%.

This memorandum and the attached reports, including the actuarial report by Sherman Actuarial Services and PACT Board member demographics, constitute the required annual report. The annual audit of the PACT Program will be posted to the State Treasury website at [www.treasury.alabama.gov](http://www.treasury.alabama.gov) immediately upon completion. Please contact me with any questions you may have at (334) 242-7523.

Respectfully submitted,

  
Young Boozer  
State Treasurer and Chair, PACT Board of Trustees

CC: Rep. Steve Clouse

**ACTUARIAL REPORT**

October 27, 2015

Board of Trustees  
Alabama's Prepaid Affordable College Tuition Trust Fund  
State Treasurer's Office  
Suite 660  
100 North Union Street  
Montgomery, Alabama 36130

To the Board:

The Wallace-Folsom College Savings Investment Plan Act provides that the Board of Trustees ("Board") shall obtain appropriate actuarial assistance to establish, maintain, and certify a fund sufficient to defray the obligation of the Alabama Prepaid Affordable College Tuition Trust Fund, and shall annually evaluate, or cause to be evaluated, the actuarial soundness of the PACT Trust Fund. The following pages summarize the actuarial valuation of the PACT Trust Fund performed by Sherman Actuarial Services as of September 30, 2015.

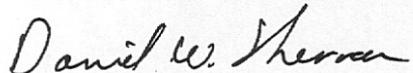

A comparison of the assets and liabilities of the PACT Trust Fund shows that as of September 30, 2015 there is a surplus of approximately \$82.9 million, which represents a funded ratio of 115.8%. This does not include the one-time increase of 3% in tuition and fee payments to schools.

The actuarial valuation was performed based upon generally accepted actuarial principles, and tests were performed as considered necessary to ensure the accuracy of the results. We certify that the amounts presented in the following pages have been appropriately determined according to the actuarial assumptions stated herein.

In our opinion, the methods and assumptions are reasonable for projecting the expected financial results of the PACT Trust Fund.

The methods, assumptions and data used in the actuarial evaluation of the PACT Trust Fund are described in the following pages. Daniel Sherman is an Associate of the Society of Actuaries. He is a Member of the American Academy of Actuaries and meets the Qualification Standards of the Academy to render the actuarial opinions contained herein. This report has been prepared in accordance with all applicable Actuarial Standards of Practice, and we are available to answer questions concerning it.

Respectfully submitted,

Daniel W. Sherman  
Associate of the Society of Actuaries  
Member, American Academy of Actuaries

# *Executive Summary*

## ***EXECUTIVE SUMMARY***

### ***Funded Status***

As of September 30, 2015 the trust has a surplus of \$82.9 million (the value of assets, including the value of future payments by contract purchasers of approximately \$9.3 million and present value of future Education Trust Fund payments by the State of approximately \$475.8 million, is more than the expected liabilities of the trust). This represents an increase of \$4.4 million from the surplus of \$78.5 million as of September 30, 2014. The funded ratio, assets divided by liabilities, increased from 113.1% in 2014 to 115.8% in 2015.

The increase in trust funded ratio was primarily due to the expected increase due to the passage of time, new actuarial assumptions, and gains from withdrawals and matriculation. The gains were partially offset by a small actuarial asset loss and the 3% increase in tuition payments.

The actuarial assumptions were modified based on the anticipated experience of the program. This includes a change in discount rates and expense assumptions. Details of the changes are shown in Section 2.

The two main factors that affect the funding status of PACT are the Investment Returns and the Tuition Increases. The affects of these factors are detailed as follows:

### ***Investment Return***

Assets performed worse than expected during the 2015 fiscal year, returning 0.79% (net of investment management fees) versus the assumption of 1.5%. The result was a small asset loss.

### ***Gain/Loss Summary***

During the last year, the plan experienced a \$18.3 million actuarial gain. The sources of the gain/(loss) are as follows:

<b>Gain / (Loss)</b>	<b><u>(millions)</u></b>
Asset Gain (0.79% return)	\$ (1.1)
Withdrawal and Matriculation	8.4
Expense	0.0
Assumption Change	11.0
Total Gain / (Loss)	\$18.3

### ***Tuition and Qualified Fees Increases***

For the 2015 actuarial valuation, the expected tuition and qualified fees to be paid were based on the Fall 2010 tuition and fees, and the provisions of the Settlement, increased 3%.

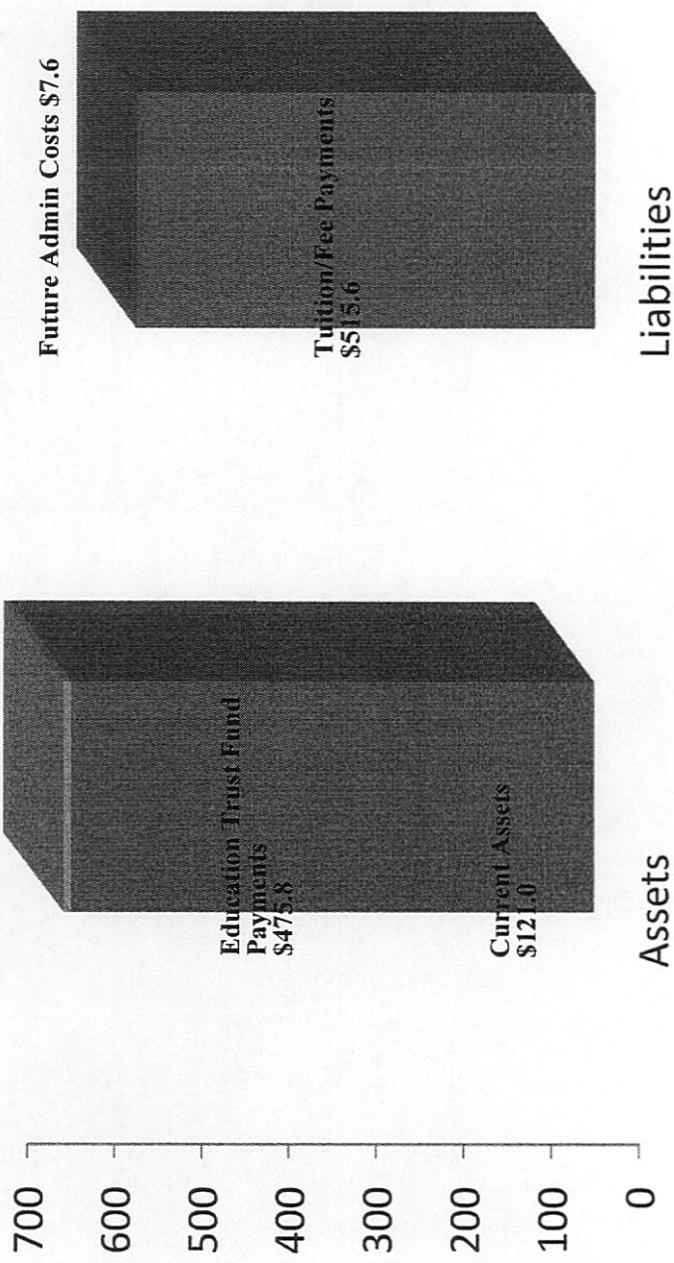

## Funded Status

The value of assets of the trust fund as of September 30, 2015 (including the value of future payments by contract purchasers as well as the Education Trust Fund Payments) exceed the liabilities by \$82.9 million. The funded ratio, assets divided by liabilities, is equal to 115.8%.

**Total: \$606.1 million**

**Total: \$523.2 million**

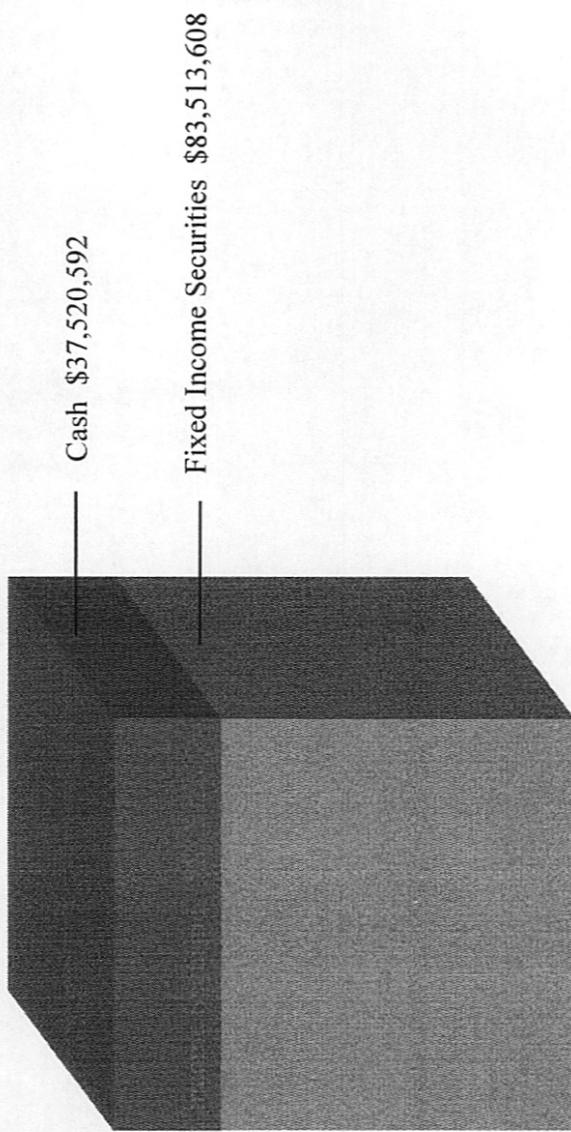

Future Contract Payments \$9.3

## Market Value of Invested Trust Assets

The investment return for the fiscal year ended September 30, 2015 was .79%. Assets as of September 30, 2015 were allocated as follows:

Total: \$121,034,200

# Active Contracts

The table below illustrates the total number of contracts sold less cancellations, expirations, graduations, and depletions, for each enrollment period.

Enrollment Year	Active Contracts	Enrollment Year	Active Contracts
1990	557	2000	1,691
1991	537	2001	2,246
1992	810	2002	2,334
1993	1,036	2003	1,315
1994	1,466	2004	945
1995	2,028	2005	594
1996	1,947	2006	647
1997	1,708	2007	578
1998	1,711	2008	453
1999	1,348	Total	23,951

# Contracts

Status	Number of Contracts
Total Sold	76,251
Cancelled or Transferred	-20,586
Depleted	-16,982
Expired	-4,258
Graduated	<u>-10,474</u>
Active	23,951

# *Valuation Assumptions And Methods*

## *ACTUARIAL ASSUMPTIONS*

The assumptions used in the actuarial valuation of the PACT Trust Fund are described below. In our opinion the actuarial assumptions are reasonable for projecting the expected financial results of the PACT Trust Fund.

### Tuition Increases

Due to the Settlement Agreement, the Weighted Average Tuition (WAT) increases are shown in the table below.

9/30/2015 Valuation			
University of Alabama and Auburn University	Other Alabama 4-year Universities	Community Colleges	Private/Out-of-State Universities
0.00%	0.00%	0.00%	0.00%

### Investment Return and Discount Rates

The actuarial valuation of the PACT Trust Fund was determined using the table of returns below. Note that these are expected rates of return based on analysis and discussions with Dahab from 2015. These rates were changed from those used in the 2014 actuarial valuation.

Fiscal Year Ending	Expected Rates of Return
9/30/2015 Valuation	
2016	1.50%
2017	1.00%
2018	1.50%
2019	2.00%
2020+	2.50%

### Enrollment of PACT Beneficiaries

The assumed enrollment of PACT beneficiaries was unchanged for this valuation from that assumed as of September 30, 2014. A comparison of the rates that contract beneficiaries will matriculate is shown in the following table.

College Type	Percent Enrolled
Private/Out-of-State	17.00%
Community College	15.00%
University of Alabama and Auburn University	53.00%
Other Alabama Universities	15.00%
Total	100.00%

In addition, it was assumed that contract beneficiaries who enroll in a community college will transfer to a four-year university after two years.

### Contract Cancellations

The assumed cancellation of PACT contracts was unchanged from that assumed as of September 30, 2014. The actuarial valuation recognized cancellations in accordance with the following schedule:

Age 0 through 9th grade	0% per year
10th grade	1%
11th grade	1%
12th grade	1%

### Administrative Expenses

For the 2015 actuarial valuation, a load of \$600,000 was included for administrative fees for future fiscal years through 2027. From 2028 to 2031 it is lowered \$100,000 per year. For the 2014 actuarial valuation, a load of \$950,000 was included for administrative fees for future fiscal years 2015 and 2016. The load is \$925,000 for 2017 through 2020, then lowered to \$800,000 through 2025. From 2026 to 2031 it is lowered \$100,000 per year.

### Education Trust Fund Payments

The Education Trust Fund Payments are assumed to be paid in equal amounts on December 1<sup>st</sup>, April 1<sup>st</sup>, June 1<sup>st</sup> and September 1<sup>st</sup> for the fiscal year.

### Deaths and Disabilities

Mortality and disability decrements were not used. This is the same assumption as previous valuations.

### Payment of Tuition and Qualified Fees

The expected tuition and qualified fees to be paid were based on the Published Fall 2010 tuition and fees, increased 3% as of August 10, 2015.  
The expected weighted average annual tuition and fee payments are expected to be as follows:

University of Alabama and Auburn University Systems	\$7,791
Other Alabama 4-Year Universities and Colleges	\$6,033
Out-of-State and Private 4-Year Universities and Colleges	\$6,423
Technical and Community Colleges	\$3,491

The tuition payment assumption was unchanged for this valuation at 128 credit hours. The actuarial valuation assumes that beneficiaries who matriculate will utilize 128 hours out of the maximum of either 128 or 135 hours of contract benefits. It is assumed that each beneficiary will use 13 hours of contract benefits per semester for the first eight semesters and 11 hours of contract benefits in the ninth semester starting after completion of the 12th grade.

Payment of tuition and qualified fees from the PACT Trust Fund is assumed to occur three times annually: 45% on November 15<sup>th</sup>, 45% on March 15<sup>th</sup>, and 10% on August 15<sup>th</sup>.

## ***ACTUARIAL METHODS***

The actuarial valuation of the PACT Trust Fund is based on projections of the tuition and qualified fee amounts expected to be paid from the PACT Trust Fund to colleges and universities, and the expected amounts to be paid into the PACT Trust Fund by contract purchasers and the Education Trust Fund. The actuarial valuation is based on the data summarized below which was obtained by the PACT office through the following sources:

- Tuition/Fee Amounts at Four-Year Universities
  - Headcount at Four-Year Universities
  - PACT Purchasers
  - Tuition/Fee Amounts at Community Colleges
  - Headcount at Community Colleges
- 
- University registrar and admission offices
  - Alabama Commission on Higher Education
  - PACT Records Administrator
  - Community College registrar and admission offices
  - Alabama Commission on Higher Education

### **Active Contracts (Appendix D)**

The future payments expected to be made to and from the PACT Trust Fund have been determined based on the number of contracts shown in Appendix D. This information reflects cancellations, expirations, graduations, and deletions that had occurred as of the valuation date.

### **Weighted Average Tuition: Four-Year Universities**

The Weighted Average Tuition (WAT) for public four-year universities in Alabama is the average of the Fall 2010 tuition and qualified fees at each of the four-year universities, weighted by PACT semester hours paid to each university, college and technical school, increased 3% as of August 10, 2015.

### **Weighted Average Tuition: Community Colleges**

The Weighted Average Tuition (WAT) for community colleges was determined using the same methodology used in the determination of WAT for four-year universities, increased 3% as of August 10, 2015.

### **Weighted Average Tuition: For Payment to Private and Out-of-State Four-Year Universities**

The Weighted Average Tuition (WAT) for public four-year universities in Alabama is the average of the Fall 2010 tuition and qualified fees at each of the four-year universities, weighted by total enrollment at each in-state four-year university and college, increased 3% as of August 10, 2015.

# **Contract Provisions**

## *SUMMARY OF PRINCIPAL PROVISIONS OF THE PACT CONTRACT*

### **PACT Enrollment Periods**

Select periods from 1990 through 2008. The plan has been closed to new contracts since 2008.

### **Purchaser**

The purchaser of a PACT contract must be a person age 19 years or older, a corporation, trust, charitable organization, or any other entity if that entity is approved, in writing, by the State Treasurer.

### **Beneficiary**

A PACT contract was purchased for any individual who:

- had not attained age 18 as of the beginning of the enrollment period, and
- had not completed the 9th grade as of the beginning of the enrollment period.

### **Beneficiary Substitutions**

Contract benefits can be transferred to an eligible substitute beneficiary as long as there are 32 semester hours of tuition remaining. The substitute beneficiary must be a member of the immediate family of the original beneficiary. Substitutions are allowed just once per contract.

### **Payment Plans**

Purchase of a PACT contract was made according to one of the following payment plans:

- Single Payment Plan: A single lump sum payment.
- 5-Year Installment Plan: Monthly payments for 60 months.
- Monthly Payment Plan: Continuous monthly payments until the June 1st preceding the beneficiary's projected college enrollment date.

### **Contract Benefits**

The PACT contract provides for payment of the amounts shown below. In general, PACT contract benefits must be used within ten years following the beneficiary's projected college enrollment date.

- payment of instate tuition until the earlier of (i) the award of a baccalaureate degree or (ii) payments by the PACT Trust Fund have been made for 135 (128 for contracts sold after 2006) semester hours (or the academic equivalent units), and
- payment of qualified fees (those fees required as a condition of enrollment for all students) for not more than eight registrations on a semester system, twelve registrations on a quarter system, or the equivalent number of registrations on other academic bases.

### **Attendance at an Out-of-State or Private Institution**

If the beneficiary attends an out-of-state or private institution, an amount will be forwarded each academic term to the institution in which the beneficiary is enrolled. The amount paid is the weighted average by resident headcount of basic instate tuition at the Alabama Four-Year Universities as certified for the fall 2010 semester. In no event will the amount forwarded to the institution be greater than the tuition and qualified fees charged by the institution.

### **Contract Cancellations**

An amount will be paid to the purchaser equal to the total of all contract payments made to the PACT Trust Fund, not including administrative fees, minus a cancellation fee and any contract benefit amounts that have been paid to a college or university.
